

Environmental & Occupational Health and Safety (EOHS) Policy

ISO 14001:2015
ISO 45001:2018

EEYA METAL & ALLOYS PRIVATE LIMITED specializes in manufacturing nonferrous metals and alloys tailored to customer specifications. It is our oath to produce quality products without contaminating Soil, Air & Water. It is our responsibility to protect the Environment, Health & Safety of our Employees & Stakeholders by adhering the best practices.

Our Key Commitments:

1. Environmental Protection:

- Establishing operational procedures to protect the environment and minimize pollution and waste through efficient use of resources.
- Ensure air, water, and soil are protected through proper emission and waste controls.

2. Occupational Health & Safety:

- Provide a safe working environment with adequate PPE and ventilation.
- Promote consultation and participation of workers in all matters related to OH&S management system.
- Promote safety awareness through training and emergency preparedness.

3. Legal Compliance:

- Follow all applicable EOHS laws and regulations.
- Maintain records and ensure regular audits.

4. Continuous Improvement:

- Set and review EOHS objectives periodically to obtain best results.
- Conduct regular trainings to all employees and stakeholders with updated operational procedures.

Ensure that this policy is effectively implemented, maintained and communicated to everyone's working for company, and make it public to interested parties, as appropriate.

Review this policy regularly to ensure its continual improvement and relevance.
